

## Keep it Clean

Reduce the risk of cross-contamination with new technically advanced Infrared Trashcans by Nine Stars USA.

Detecting motion within 10 inches and automatically opening the lid as users approach, these commercial-grade trashcans eliminate contact with dirt and potentially harmful bacteria. Available in stainless steel and in sizes from 12.5 gallons up to 21 gallons, these trashcans also come with high-grade ABS plastic lids and Nine Stars USA's advanced twice-closing mechanism to keep odors at bay.
